Company Overview:

Pro-Crete of NEPA, Inc. is a leading installer of gypsum flooring in the Northeastern United States. Privately owned and operated by Ed Baldoni and Mario Matrone since 1999, the company prides itself on providing underlayment systems that are both effective and durable. With a combined 38 years experience, offers clients a wide range of flooring solutions including Hacker Industries, Inc.'s line of FIRM-FILL® Gypsum Concretes, GYP-SPAN® Radiant and sound control mats. Pro-Crete also specializes in self-leveling cement toppings, epoxy and decorative flooring. Pro-Crete strives to keep its motto "A level above the rest" synonymous with their name.

Whether your next project is new construction or renovation, Pro-Crete of NEPA, Inc. and Hacker Floor Underlayments can assist Architects, Engineers and Builders to meet demanding project specifications and provide design flexibility.

Section 03 54 13 (03540) - Gypsum Cement Underlayment

- FIRM-FILL® Gypsum Concretes and GYP-SPAN® Radiant
- Integral part of 1 to 4 hour fire-rated assemblies; 86 UL listings
- Helps reduce sound transmission; improve STC and IIC ratings
- Strong, smooth surface ready for installation of virtually any finished floor covering

Section 03 54 16 (03930) - Hydraulic Cement Underlayment

- TRUE-SCREED® Cementitious Leveling Underlayment (CLU)
- Designed for renovation and repair projects
- Thin or thick applications to resurface deteriorated, distressed concrete floors
- Rapid drying, most floor covering installations in as little as 24 hours

Section 09 80 00 (09830) - Acoustic Treatment

- Hacker Sound Mat II and Quiet Qurl™ Sound Control Mats
- Surpass numerous acoustical performance and budget needs
- Raises STC and IIC ratings to help meet building code requirements
- Use in conjunction with Hacker Floor Underlayments for superior sound control

About Hacker Industries, Inc.

With over two billion square feet installed nationwide, Hacker Floor Underlayments are non-structural cementitious concretes specially designed to meet the most demanding project specifications in new construction, renovation and repair for multi-family projects, custom homes, commercial and institutional buildings. Hacker Industries, Inc.'s premier line of FIRM-FILL brand gypsum concretes, GYP-SPAN Radiant, cement-based leveling underlayments and sound control products set the bar for reliability and customer satisfaction.

Celebrating 25 years as the industry's leading supplier of poured Gypsum Concrete Underlayments, Hacker Industries, Inc. strives to meet the ever-changing needs of the building and construction industry. The recent introduction of FIRM-FILL® CMD, designed for light-gauge steel frame construction with a corrugated galvanized steel deck, and GREEN products that help obtain LEED credits, are two examples of Hacker Industries, Inc.'s continuing commitment to the advancement of flooring technology.
