Gypsum & Lightweight Floor Underlayments

Licensed Applicator of:

Company: R.A. Mulder, Inc.
Location: Jenison, Michigan
Contact: Dan Mulder
Phone: (616) 457-8606
Areas Served: Michigan, North Indiana

Company Overview:

R.A. Mulder, Inc. has been in the construction industry since 1968, installing cementitious floor underlayments in new construction, renovation and repair projects throughout Michigan & Indiana. In 1997, R.A. Mulder, Inc. expanded their product base to include Hacker Floor Underlayments and has been a valued Licensed Applicator of FIRM-FILL® Gypsum Concretes and GYP-SPAN® Radiant ever since. Family run, R.A. Mulder, Inc. believes that the hands-on involvement of the owners, affordable prices and certification to install the full line of Hacker Floor Underlayments sets them apart from their competition.

Whether your next project is new construction or renovation, R.A. Mulder, Inc. and Hacker Floor Underlayments can assist Architects, Engineers and Builders to meet demanding project specifications and provide design flexibility.

Section 03 54 13 (03540) - Gypsum Cement Underlayment

- FIRM-FILL® Gypsum Concretes and GYP-SPAN® Radiant
- Integral part of 1 to 4 hour fire-rated assemblies; 86 UL listings
- Helps reduce sound transmission; improve STC and IIC ratings
- Strong, smooth surface ready for installation of virtually any finished floor covering

Section 03 54 16 (03930) - Hydraulic Cement Underlayment

- TRUE-SCREED® Cementitious Leveling Underlayment (CLU)
- Designed for renovation and repair projects
- Thin or thick applications to resurface deteriorated, distressed concrete floors
- Rapid drying, most floor covering installations in as little as 24 hours

Section 09 80 00 (09830) - Acoustic Treatment

- Hacker Sound Mat II and Quiet Qurl™ Sound Control Mats
- Surpass numerous acoustical performance and budget needs
- Raises STC and IIC ratings to help meet building code requirements
- Use in conjunction with Hacker Floor Underlayments for superior sound control

R.A. Mulder

With over a million square feet of Hacker Floor Underlayments installed across the state of Michigan, R.A. Mulder is ready to assist you any floor underlayment need from multi-family to radiant heat systems. R.A. Mulder is a member of the Grand Rapids Home Builders Association and the Grand Rapids Builders Exchange.

About Hacker Industries, Inc.

With over two billion square feet installed nationwide, Hacker Floor Underlayments are non-structural cementitious concretes specially designed to meet the most demanding project specifications in new construction, renovation and repair for multi-family projects, custom homes, commercial and institutional buildings. Hacker Industries, Inc.'s premier line of FIRM-FILL brand gypsum concretes, GYP-SPAN Radiant, self-leveling underlayments and sound control products set the bar for reliability and customer satisfaction.

Celebrating 25 years as the industry's leading supplier of poured Gypsum Concrete Underlayments, Hacker Industries, Inc. strives to meet the ever-changing needs of the building and construction industry. The recent introduction of FIRM-FILL® CMD, designed for light-gauge steel frame construction with a corrugated galvanized steel deck, and GREEN products that help obtain LEED credits, are two examples of Hacker Industries, Inc.'s continuing commitment to the advancement of flooring technology.
