## Company Overview:

Due to their ability to offer quality products, professional installation, personal attention and reasonable prices, Interstate Gypsum Floors, Inc. has become the most respected and sought after companies for premier cementitious floor underlayments. Interstate became a Licensed Applicator of Hacker Industries, Inc.'s FIRM-FILL® Gypsum Concretes and GYP-SPAN® Radiant in 1990 and has since installed over 50 million sq. ft. of Hacker Floor Underlayments. Their experience ranges from apartments, condominium projects and commercial buildings to custom-homes and renovation projects.

Whether your next project is new construction or renovation, Interstate Gypsum Floors, Inc. and Hacker Floor Underlayments can assist Architects, Engineers and Builders to meet demanding project specifications and provide design flexibility.

### Section 03 54 13 (03540) - Gypsum Cement Underlayment

- FIRM-FILL® Gypsum Concretes and GYP-SPAN® Radiant
- Integral part of 1 to 4 hour fire-rated assemblies; 86 UL listings
- Helps reduce sound transmission; improve STC and IIC ratings
- Strong, smooth surface ready for installation of virtually any finished floor covering

### Section 03 54 16 (03930) - Hydraulic Cement Underlayment

- TRUE-SCREED® Cementitious Leveling Underlayment (CLU)
- Designed for renovation and repair projects
- Thin or thick applications to resurface deteriorated, distressed concrete floors
- Rapid drying, most floor covering installations in as little as 24 hours

### Section 09 80 00 (09830) - Acoustic Treatment

- Hacker Sound Mat II and Quiet Qurl™ Sound Control Mats
- Surpass numerous acoustical performance and budget needs
- Raises STC and IIC ratings to help meet building code requirements
- Use in conjunction with Hacker Floor Underlayments for superior sound control

### About Interstate Gypsum Floors, Inc.

Interstate Gypsum Floors, Inc. (IGF) is a veteran installer of Hacker Floor Underlayments. Founding partners Douglas P. Caraway, Sr. and Julius Funk established IGF in 1990. With over 40 years experience in the construction industries and 20 years working with cementitious floor underlayments, Doug and Julius credit their company's longevity to a family atmosphere and personalized customer service. IGF is a member of the NFIB.

### About Hacker Industries, Inc.

With over two billion square feet installed nationwide, Hacker Floor Underlayments are non-structural cementitious concretes specially designed to meet the most demanding project specifications in new construction, renovation and repair for multi-family projects, custom homes, commercial and institutional buildings. Hacker Industries, Inc.'s premier line of FIRM-FILL brand gypsum concretes, GYP-SPAN Radiant, cement-based leveling underlayments and sound control products set the bar for reliability and customer satisfaction.

Celebrating 25 years as the industry's leading supplier of poured Gypsum Concrete Underlayments, Hacker Industries, Inc. strives to meet the ever-changing needs of the building and construction industry. The recent introduction of FIRM-FILL® CMD, designed for light-gauge steel frame construction with a corrugated galvanized steel deck, and GREEN products that help obtain LEED credits, are two examples of Hacker Industries, Inc.'s continuing commitment to the advancement of flooring technology.
