Company Overview:

Since 1992, K-Wall Poured Walls, Inc. has been the preferred company in Northwest Michigan for quality concrete construction. K-Wall also specializes in gypsum concrete floor underlayments, self-leveling cementitious underlayments and sound suppression materials. Services span from multi-family projects required to meet code specified sound and fire ratings, to renovation and repair of commercial buildings. K-Wall also offers all custom poured walls & footings, flatwork, decorative & stamped concrete, foundation water-proofing, concrete pumping & epoxy floor coverings.

Whether your next project is new construction or renovation, K-Wall Poured Walls, Inc. and Hacker Floor Underlayments meet a wide range of demanding project specifications and provide design flexibility.

Section 03 54 13 (03540) - Gypsum Cement Underlayment

- FIRM-FILL® Gypsum Concretes and GYP-SPAN® Radiant
- Integral part of 1 to 4 hour fire-rated assemblies; 84 UL listings
- Helps reduce sound transmission; improve STC and IIC ratings
- Strong, smooth surface ready for installation of virtually any finished floor covering

Section 03 54 16 (03930) - Hydraulic Cement Underlayment

- DYNA-SCREED® Self-Leveling Underlayment and TRUE-SCREED® CLU
- Designed for renovation and repair projects
- Thin or thick applications to resurface deteriorated, distressed concrete floors
- Rapid drying, most floor covering installations in as little as 24 hours

Section 09 80 00 (09830) - Acoustic Treatment

- Hacker Sound Mat II and Quiet Qurl™ Sound Control Mats
- Surpass numerous acoustical performance and budget needs
- Raises STC and IIC ratings to help meet building code requirements
- Use in conjunction with Hacker Floor Underlayments for superior sound control

About Hacker Industries, Inc.

Since 1983, Hacker Industries, Inc. has been the leading supplier of cementitious floor underlayments to the building community. With over a billion square feet installed nationwide, Hacker Floor Underlayments are non-structural cementitious concretes specially designed to meet the most demanding project specifications in new construction, renovation and repair for multi-family projects, custom homes, commercial and institutional buildings. Its premier line of FIRM-FILL® brand gypsum concretes, GYP-SPAN® Radiant, sound control products and new cementitious self-leveling underlayments set the bar for reliability and customer satisfaction.

Headquartered in Newport Beach, Calif., Hacker Industries, Inc. is a member of the National Association of Homebuilders' NCHI - The Suppliers 100. Hacker Industries, Inc. can be reached at (800) 642-3455, via e-mail at info@HackerIndustries.com or online at www.HackerIndustries.com.
