

## Hacker Industries, Inc. FIRM-FILL® Gypsum Concrete Project References

---

FIRM-FILL® Gypsum Concrete, the original blue bag underlayment introduced by Hacker Industries, Inc. in 1983, is designed to achieve the ultimate sound and fire resistance in multifamily housing. With over 100 UL listings and exceptional STC and IIC ratings, FIRM-FILL® Gypsum Concrete is an excellent choice for jobs needing compressive strengths up to 2000 psi. Below is a small sample of projects that have utilized FIRM-FILL® Gypsum Concrete.
