## **HACKER INDUSTRIES INC. TO EXHIBIT AT THE 2013 INTERNATIONAL BUILDERS' SHOW IN LAS VEGAS**

**Newport Beach, Calif.-January 7, 2013-** Continuing a decades-long tradition, Hacker Industries, Inc. will be exhibiting at the NAHB International Builders' Show® taking place at the Las Vegas Convention Center January 22-24, 2013. The underlayment experts of Hacker Industries, Inc, a leading manufacturer of gypsum concrete floor underlayments and sound control systems, will be on hand at the company's exhibit in booth number N2731.

Hacker Industries, Inc. will use its presence at this show to highlight its newest product, FIRM-FILL® SCM. A new, thinner sound control mat, FIRM-FILL® SCM is designed to lower the overall profile of the floor/ceiling assembly, while reducing cost.

Also featured at the exhibit will be the company's complete line of FIRM-FILL® Brand Gypsum Concretes, GYP-SPAN® Radiant, TRUE-SCREED® CLU and sound control products. The full line of products, available only through Hacker's network of trained Licensed Applicators, provide a solution to the most demanding project specifications.

About Hacker Industries, Inc.-

Hacker Industries, Inc. was established upon the simple belief that when given a choice of floor underlayments, the building community would choose the product of greater value. Hacker floor underlayments and sound control mats are listed in over 100 UL floor/ceiling assembly systems designed to achieve excellent STC and IIC sound ratings. With over 2 billion square feet installed since 1983, Hacker Floor Underlayments are the proven choice to provide a durable, flat floor surface ideal for virtually any finished floor covering.
