

## PROJECT REFERENCES

Designed for use in multi-family, commercial and institutional buildings with light-gauge steel framing and a corrugated steel deck, FIRM-FILL® CMD is a lightweight, high-strength gypsum concrete floor underlayment. Installed at 1" above the top of the flutes (1-9/16" total), FIRM-FILL® CMD reduces dead loads and thickness, significantly lowering costs. Below is a small sample of projects that have utilized FIRM-FILL® CMD.

**Contractor: Canan-Titan Joint Venture**

Project: Fort Riley, Building 216  
Location: Fort Riley, Kansas  
Description: 4,782 ft<sup>2</sup> of FIRM-FILL® CMD

**Contractor: CBS Construction**

Project: Hutchinson Senior Care Center  
Location: Hutchinson, Minnesota  
Description: 120,000 ft<sup>2</sup> of FIRM-FILL® CMD

**Contractor: Choate Construction Company**

Project: Dogwood Forest  
Location: Acworth, Georgia  
Description: 87,000 ft<sup>2</sup> of FIRM-FILL® CMD

**Contractor: Colson & Colson**

Project: Glendale Retirement Center  
Location: Glendale, California  
Description: 41,580 ft<sup>2</sup> of FIRM-FILL® CMD

**Contractor: East Coast Builders**

Project: Holiday Inn Express  
Location: Havelock, North Carolina  
Description: 39,364 ft<sup>2</sup> of FIRM-FILL® CMD

**Contractor: Mosley Construction**

Project: Candlewood Suites  
Location: New Bern, North Carolina  
Description: 33,500 ft<sup>2</sup> of FIRM-FILL® CMD
